

BRIITON RETAINS WELTERWEIGHT TITLE

New York, Feb. 17.—Jack Britton, 37, and a veteran of 18 years in the ring, and David Shade, 19-year-old San Francisco lad, fought fifteen rounds to a draw in Madison Square Garden tonight. Britton retained his title as world welterweight boxing champion.

Britton, the boxing master, appeared to have outpunched the challenger in all but two rounds and the verdict of a draw was greeted for several minutes by the crowd as Shade was wild and landed few effective blows.

Britton, only half a pound under the present welterweight limit of 147 at 2 p. m., was in excellent condition. Only in one round, the eleventh, did he seem a truce. The champion's advanced age had no apparent effect on his speed and punching power.

His opponent, the youngest of the fighting Shade brothers, led the fighting at every opportunity. He staggered the champion once or twice with rights to the jaw but his attacks following these blows were always smothered by Britton's defense.

They fought another draw contest in Portland, Oregon, about a year ago. In that bout Britton was sent to the canvas once.

Andy Palmer, Tulsa, Okla., middleweight, received the judges' decision over Jim O'Grady, New York, at the end of their eight-round bout in Madison Square Garden tonight.

Eddie Fitzsimmons, New York lightweight, also received the judges' decision at the end of his eight-round bout with Jimmie Hanlon of Denver.

Vincent Pepper Martin, New York, featherweight, received the judges' decision over Tommy Noble of England after eight rounds.

Jack Britton, 37, entered the ring shortly after 10 o'clock tonight to defend his title as world welterweight boxing champion against David Shade, 19-year-old San Francisco lad, who weighed less than 147 pounds.

Round 1: Shade landed a left to the jaw, driving the champion to the ropes. They engaged in a light encounter at close quarters. Both were wild. They exchanged rights to the jaw.

Round 2: Britton shook Shade with a right hook to the jaw. Shade sent a straight left to Britton's nose. Britton sharply upped Shade with a right. Shade missed frequently.

Round 3: Shade sent a light left to nose, followed with a right hook to jaw. They had a light exchange in a clinch. Britton sent a left hook to the jaw.

RHEUMATIC ACHES QUICKLY RELIEVED

THE racking, agonizing rheumatic aches are quickly relieved by an application of Sloan's Liniment.

For forty years, folks all over the world have found Sloan's to be the natural enemy of pains and aches.

It penetrates without rubbing. You can just tell it is going to do you good.

Keep Sloan's handy for neuralgia, sciatica, lumbago, stiff joints, sore muscles, strains and sprains of all kinds.

At all druggists—35c, 70c, \$1.40.

Makes Sick Skins Well. One of Dr. Hobson's Family Remedies. For a clear, healthy complexion use Dr. Hobson's Eczema Ointment.

Round 4: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 5: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 6: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 7: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 8: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 9: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 10: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 11: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 12: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 13: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 14: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 15: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 16: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 17: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 18: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 19: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 20: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 21: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 22: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 23: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 24: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 25: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 26: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 27: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 28: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 29: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 30: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 31: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Round 32: Britton sent a right hook to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts. Britton sent a right to the jaw and followed it with a straight to the chin. They exchanged rights to the head. Shade caught the champion with straight lefts.

Better Milk Chocolate on the outside—and nearly as much as you get in the average 5c package

Rich Venetian Ice Cream inside and more than is in a 5c cone.

This Is a Tait Bros. Eskimo Pie

The markets of the country have been searched for the finest milk chocolate. To this milk chocolate has been added a higher percentage of butter making a superior chocolate to any which could be purchased.

This wonderful chocolate combined with Venetian Ice Cream makes a rich and highly concentrated food. Two Tait Bros. Eskimo Pies contain the calories essential for the average meal.

And Prof. Lewis B. Allyn Says:

There are no chemical preservatives, coal tar dyes nor any form of adulteration found in the numerous Eskimo Pies examined.

It is evident that aside from its unique appearance and appetizing flavor, Tait Bros. Eskimo Pie is a true food product of comparatively high nutritive value.

(Signed) L. B. ALLYN.

As assurance that you are getting this wholesome deliciousness insist upon

A TAIT BROS. PRODUCT

FINANCIAL AND COMMERCIAL

STOCK MARKET WAS DULL

New York, Feb. 17.—Transactions in the stock market today were relatively moderate and ended with a draw.

Isabelle, Illinois, was busy at the exchange of income bonds, a continuing source of business.

Geoply in stock exchange attributed the greater part of the setback to profit-taking. In other quarters the reversal was credited to buying aggressiveness arising from the reaction of points.

One stock, motor and chemicals and related securities were most reactionary. Liquidation of Mexican Petroleum was the feature, followed by familiar but uncommonly firm of adverse conditions in the Mexican oil fields.

The stock closed at a net loss of 0.1-0.3 points and Pan-American, "A" and "B" shares lost 1-1.5 and 1-1.4 points respectively.

U. S. Steel, considered only a fractional part of its steady advance, but independent stock proved susceptible to rumors in trade circles of liquidation of a new proposed issue.

Brokers reported a heavy inquiry for call money which opened and ranged to next week at 4 percent, that rate ruling throughout. Time money offerings were mostly for 30-day periods, all being made at 3-4 percent.

French exchange was strongest of the important foreign remittances, the 10 point advance in Paris being associated with the sale of confidence given by the Finance cabinet. British exchange was barely steady, and German marks were heavy, as were also quotations on steady high (low) rates.

The gold 3-1/2, offered at 1-1/2; last low bid loans against acceptance 3-1-1/2.

New York, Feb. 17.—Spot cotton steady, middling 12-1/2.

COTTON
New York, Feb. 17.—Spot cotton steady, middling 12-1/2.

METAL MARKET
New York, Feb. 17.—Copper easy. Electrolytic spot and futures 12 1/2 to 13 1/2.

Latex 10-9 to 10-11; 20-25; futures 10-10 1/2 to 10-11 1/2.

Lead steady, spot 4.70 to 4.80. Zinc steady, spot 4.70 to 4.80. Tin steady, spot 4.70 to 4.80.

Antimony spot 4.40.

CHICAGO GRAIN MARKET
Chicago, Feb. 17.—Sellers decidedly outnumbered buyers in the wheat market.

Most of the time today, quotations coincided in a higher price level.

The market closed heavy, 1-5 to 1-10 net lower with May 1-1 1/2 to 1-1 3/4.

Grain finished 1-3 to 1-3 1/2 down and basis off 3-4 to 1-1/2. In provisions the market was 10 to 20 cents advance.

Almost as soon as the wheat market opened prices showed a tendency to decline. Downturns in foreign quotations had a disturbing effect both on owners of wheat and on would-be purchasers. It soon became evident that yesterday's persistent efforts to realize on holdings were being continued by numerous dealers. In some quarters, the desire was manifest to let go of May contracts to take July instead.

High winds and dust storms in Kansas led to a vigorous rally in prices in wheat on the middle of the session, but the effect on market failed to last, and the closing was at about the day's lowest level, with May down more than five cents.

Compared with the top figures of yesterday, the whole picture of the wheat market was considerably reduced from the big total that has been the rule of late.

Corn and oats declined with wheat, and a series of reports that the interstate commerce commission has disapproved lower freight-rates on grain from Minneapolis to the east. Something of an effort was found in figures showing 900,000 more tons on farms than was the case a year ago.

Relatives sentinels of offerings made provisions advance higher.

trade with Washington, notified the Athletic Union that he would sign his contract within a few days.

The contract received today, Manager Mack said, reduced the list of hold-overs to three, Remond, Witt and Hauser.

RICKARD RETIRES FROM MADISON SQUARE GARDEN
New York, Feb. 17.—Retirement of George L. (Tex) Rickard from the management of the Madison Square Garden was announced today.

Rickard was recently indicted for criminal assault on two 15-year-old girls.

John Ringling, circus owner and partner of Rickard in various sporting enterprises, was elected at a special meeting of the board of directors.

At night a few hours after the indictment, Rickard was removed from the management of the Madison Square Garden corporation, which controls the property, indicating that Rickard's complete withdrawal from any active interest in the enterprise.

YALE WRESTLING TEAM DEFEATED MASS. TECH.
New Haven, Feb. 17.—The Yale wrestling team defeated Massachusetts Tech. in a dual meet here tonight, 19 points to 6.

Yale freshmen grapplers triumphed over the Massachusetts Tech. freshmen, 29 points to 6.

Lewis Knocked Out Gummer.
Bristol, England, Feb. 17.—(By the A. P.)—Lewis, British welterweight pugilist, knocked out Tom Gummer, the British middleweight, in the first round of their bout here tonight.

Yale defeated U. of F.
New Haven, Feb. 17.—Yale's championship swimming team defeated University of Pennsylvania's team tonight, 40 to 13.

First place in every event went to Yale. Jeffries was first in the 100-yard and 200-yard, Pratt captured the 100-yard and Marshall took the 200-yard.

themselves, while neither performed well for the film.

PROFESSIONAL ATHLETES LIKE MOVIE STARS
Chicago, Feb. 17.—Professional athletes are much like movie stars who get paid for being heroes in that they have a tendency toward laxness of morals and in their belief that they are entitled to special privileges.

Coach Alonzo A. Stagg, told students of the University of Chicago.

"Professional athletes are a poor class to have in a University," he added, "I don't say that all professional athletes are of the unbecome type, but it has been my observation that this lack of restraint is one of the characteristics of a professional group."

If professional athletes were allowed to play on college teams it would mean the break-down of discipline. If the players had a game on Sunday they might often be disposed to make excuses for not playing in their Saturday college game.

The whole structure of college athletics would break down.

"All the moral and educational value of college sport would be gone. You can't mix cash and character. The reason for inter-collegiate athletics would disappear. College faculties would not permit a mixture of professional and amateur athletics. Inter-collegiate athletics would be the one sport that could exist."

MRS. WIGHTMAN NOT TO DEFEND TITLE
Boston, Feb. 17.—Mrs. George W. Wightman of Brookline, and Mrs. Marion Wightman Jessup of Wilmington, Del., will not defend their title at national women's indoor doubles champions at the Chestnut Hill covered courts in the tournament starting March 20.

They were announced today.

Competition will be withdrawn from Mrs. Wightman and Mrs. Jessup will play with Mrs. Frank H. Godfrey of Brookline, Mrs. Mollie Burdett Mallory and Mrs. L. C. Morris, the New York stars, who were runner-up last year have entered again, while Mrs. Mallory will defend her title in the singles.

Miss Martha Bayard of Short Hills, N. J., and Miss Edith Sigourney of Boston also have paired for the national doubles.

FOOTBALL TROPHY GIVEN TO DAVIDSON
Amherst, Mass., Feb. 17.—The Tom Ashley Memorial Trophy, awarded each year to the football player considered the greatest asset to the Amherst College eleven, has been given this year to Capt. Allen Davidson of Amherst.

Davidson played at left end for four years. The trophy is a large silver football, given by Romans Robinson of Springfield in memory of his classmate, Thomas W. Ashley who was killed while serving with the marines in Belleau Wood in 1918. It bears the inscription, "He played the Game."

SHOCKER LEAVES FOR SPRING TRAINING
St. Louis, Mo., Feb. 17.—Urban Shocker, leading pitcher of the local team of the American League, left for the training camp at Mobile, Ala., today to begin his training for the season.

Walter Gerber, shortstop, who was on the injured list for a long time last year, has signed his contract for the season. Roy Davis, a semi-pro pitcher from Illinois, also has been signed to play with the Browns.

TUFTS FOOTBALL TEAM PLAY NINE GAMES IN FALL
Medford, Mass., Feb. 17.—The Tufts College football team next fall will play nine games, all with teams of approximately the same size, collected

The schedule as made public today, follows, games being at home unless designated:

Sept. 30, Connecticut Agricultural College; Oct. 7, Bates; 14, Williams at Williamstown; 21, Norwich; 28, Wesleyan; Nov. 4, Middlebury at Middlebury; 11, Bowdoin at Portland; 18, Massachusetts Agricultural College; 25, Boston University.

AMHERST BASEBALL SCHEDULE ANNOUNCED
Amherst, Mass., Feb. 17.—The Amherst baseball schedule, announced today, comprises 16 games with Yale, Princeton, Columbia and Cornell as newcomers. The list follows, games being at home unless designated:

April 28, Bowdoin; 28, Columbia at New York; 29, Princeton at Princeton; May 4, Yale at New Haven; 10, M. A. C.; 13, Harvard at Cambridge; 18, Cornell; 18, Williams at Williamstown.

June 1, Dartmouth at Hanover; 2, Brown at Providence; 17, Wesleyan at Middletown; 20, Wesleyan.

U. S. AND CANADA TO BE REPRESENTED IN NORWAY
Lake Placid, N. Y., Feb. 17.—The United States and Canada will be represented at skating events to be held in Norway next winter, according to plans of Julian T. Fitzgerald, of Chicago, president of the International Skating Union of America.

The skating official, who has been here for the Diamond Trophy championship, intends to have the amateurs picked by their performances in a series of events on a new international circuit.

The new circuit, which Mr. Fitzgerald hopes to form will be larger than any of the present ones and probably will start at Winnipeg and end here.

"Why did you put away your cane?" "Just because I felt I could walk without it," came the reply.

"Where you really able to swallow after receiving the three-minute treatment?" was asked by one of the curiously interested spectators.

"I certainly was able to swallow," drained a whole glass of water and my throat felt as well as ever."

A great many of the patients were greatly aided by the results of the test treatments.

Dr. L. Blumer, founder of the science, disclaimed this proposition as a miracle, stating that it was the outcome of purely scientific study and application, and that precisely the same results could be obtained by each and every Blumer College graduate, and for evidence of which he would refer the public to the great number of Natureopaths throughout the country, who, in a short time had been successful in securing for the country, has made rapid changes that had taken place by their science, which is based upon pure scientific principles, concerning human anatomy and supplying its deficiency. In their offices, all, without an exception, admitted that this health science called Natureopathy, has not a parallel in the history of healing methods, and that this pure-nature idea, or the triplicity of sciences as presented and practiced by every Natureopath throughout the country, has made rapid inroads among the general practitioners of medicine or druggists' medicine. Multitudes of people turned toward these treatments with such success, after they had witnessed the wonderful results obtained, or given these methods a fair trial.

Dr. Hubbel and George local Natureopaths, are located in three large office rooms, Mayer Building, known as 16 Franklin Street, Norwich, Conn., where they can be consulted from 10 a. m. to 8:00 p. m. daily. Sunday from 10 to 2.

WHEN YOU WANT to put your business before the public, there is no medium better than through the advertising columns of The Bulletin.

NATUREOPATHIC DOCTORS CONSULT WITH HUNDREDS

Elks' Hall Demonstration and Convincing Results on Trial Treatments Bring Hundreds to Their Norwich Offices, Thayer Building, Rooms 315-316.

People Come From Far and Near to Consult and Treat With Local Natureopaths.

Those Who Tried the New Treatment at Their Offices Are Full of Praise.

At their offices every case is given careful examination and proper treatment instituted. No case is hurried as on the platform since the platform treatment was merely to show what can be done by this great health system, but it is unreasonable to believe that all cases require only a short treatment. There are cases that need a week; some a month, and some old chronic even many months of Natureopathic treatments to restore the desired results.

To normalize the tissues, to permanent re-establishment of normal functions of the organs, and restore proper healthy cells of each part of the body is very essential.

With the triplicity of sciences embodied in natureopathy the above can be accomplished. Dr. Blumer's recent lectures at Elks Hall, Norwich, caused a great number of people to wake up to the realization that the Natureopaths of the Blumer College type have not only the latest, but the greatest health system in existence, and because of these remarkable results on the sick and the recent cured cases which conclusively showed that this health science has no parallel in the history of treating diseases. There is hardly a case of abnormality that cannot be benefited by this great health system. Hence, Dr. Hubbel and George are crowded every Sunday from early morning to late at night.
